

Science and Spirituality

Dr. Richard Honeycutt

**Beginning September 21, 2017—7:00 pm
First Baptist Church—Lexington, NC**

The notion that science and spirituality are somehow mutually exclusive does a disservice to both.

Carl Sagan

- How much do we each really know about science? ... about religion?
- What do we really believe is ultimate reality: matter-energy? Spirit? Mind?
- Why do so many people seem to think they must choose among science, “spirituality”, and religion?
- How can we avoid digging mental pitfalls for ourselves?

**Join us for this 9 week series based on Dr. Honeycutt’s new book on
Science and Spirituality.**

There is no admission charge and all are invited to attend.
